IMPORTANT:

Your child may begin classes when all of the following have been accomplished:

- Completed enrollment papers have been received by the school office.
- Registration fees have been paid in full.
- Book/resource fee has been paid in full.
- Tuition has been paid in full or SMART enrollment paperwork has been completed.

If a child is late enrolling and a scholarship application is pending, this tuition requirement will be waived for two weeks provided the financial aid application has been submitted and SMART paperwork has been completed and signed so that all that is missing is for the tuition amount to be determined.
